

Why choose us?

Convenient Location

Located in Abbotsford, ideally situated near the #1 highway, minutes from a 24 hour US border crossing and near major industrial areas, Bradner Cold Storage is conveniently located to service importers, processors and distributors. With our transportation partners we can offer competitive pricing from our lower cost area, without sacrificing speed of delivery to anywhere in the Lower Mainland.

Customer Service

Whether your needs are for some short-term storage for surplus ingredients, product freezing of your production, importing containers from overseas, or storage and order picking services with customer delivery, we can help. We specialize in complex and varied customer requirements, and don't have a one-size-fits-all approach. We commit to working with you for a customized solution, to fit you and your customer's business needs.

FOOD MANUFACTURING BACKGROUND

As a part of a food manufacturing group, we understand the food business from your perspective. Staffed and managed by people who have spent years working in your industry.

HAACP AND LEAN

We live and breath SOP's, we love lean initiatives, and keep our areas organized with 5S. We speak your language.

CUSTOMER FOCUS

We organize our business around your needs, and not our schedule, let us know how we can help!

HIGH TECHNOLOGY

We use online web based inventory for you to access 24/7, and barcodes and wireless handhelds for speed and accuracy.

Our services

Two Locations

We currently operate at two locations in Abbotsford, just off the #1 highway at Mt Lehman Rd. We are conveniently situated near major agricultural areas to service growers, processors and distributors.

Flexibility

Bradner Cold Storage is capable of helping you with any of your warehousing needs. Our facility is computer controlled and monitored for consistent storage at 0 F / -18 C. We have a fully racked facility, meaning your product never has anything stacked on top of it and we can accept a wide range of pallet heights to accommodate your needs.

We offer extremely flexible hours, high levels of customer service, and 24/7 online access to inventory to assist you with your business. We have a packed modern facility, with sharp freezing capacity of two truck loads per day.

PRODUCT FREEZING

We are equipped with computer controlled refrigeration with multiple redundancies to ensure we can freeze your product quickly.

ORDER PICKING

With our modern software system, and fully racked building, we are able to pick orders large or small, saving you time and hassle.

LOGISTICS

We are able to offer you access to many regional, national and international freight companies, and are able to arrange freight on your behalf.
